MATERIALS

Tested and approved by independent laboratories on new materials and simulated aging simulation.

Everything has been designed to limit its impact on the environment and respect the precautionary principle.

Copolyester body
Durable, BPA/BPS-free plastic, reusable and **recyclable**

Formi cap
European bio-composite charged with wood fibers for a **marbled effect** that makes **each piece unique**.

CUSTOMIZATION

Choice of **color for the cap**: mix and match possible without additional cost

Pad printing on the Gobi body 4 x 7 cm

Process using a silicone pad which transfers the logo ink onto the gourd. This stamping process allows you to print on a rounded shape with excellent quality and precision. The **marking is dishwasher-safe** and will not deteriorate over time.

Cap with **customizable card**
round recto / verso **free**

Printed on PEFC® paper made from responsibly managed wood fiber.

DID YOU KNOW ?

Writing your first name on the round card allows you to identify your water bottle, promotes a sense of belonging and guarantees the health safety of your employees.
