LA FABRICATION

GOBI OFFICES

- **Paris** (75) : product, sales and communication / marketing
- **Bordeaux** (34) : supply, orders and administration

SOLIDARITY ASSEMBLING

- **Bonneuil-sur-Marne** (94) : workshop from the ARES group for the reintegration of people in a situation of exclusion

MANUFACTURING

- **Périgny-sur-Yerres** (94) : body, tag and cap

MATERIALS

Tested and approved by independent laboratories on new materials and simulated aging simulation.

Everything has been designed to limit its impact on the environment and respect the precautionary principle.

Copolyester body
Durable, BPA/BPS-free plastic, **reusable and recyclable**

Formi cap
European bio-composite charged with wood fibers for a **marbled effect** that makes **each piece unique**.

Elastollan tag
Soft-touch, durable plastic

CUSTOMIZATION

Choice of **color for the cap and the tag**: mix and match possible without additional cost

Pad printing
on the Gobi body
4 x 4 cm (horizontal)
4 x 7 cm (vertical)

Process using a silicone pad which transfers the logo ink onto the gourd. This stamping process allows you to print on a rounded shape with excellent quality and precision. The **marking is dishwasher-safe** and will not deteriorate over time.

Double **customization** system **by cards**

free

Interior display case with card customizable on both sides

LE SAVIEZ-VOUS ?

La possibilité **d'inscrire son prénom** sur la carte ronde permet d'identifier sa gourde, de favoriser le sentiment d'appartenance et de garantir la sécurité sanitaire de vos collaborateurs.

CAP WITH CUSTOMIZABLE CARD ROUND RECTO / VERSO

Printed on PEFC® paper made from responsibly managed wood fiber.
