MATERIALS

Tested and approved by independent laboratories on new materials and simulated aging simulation.

Everything has been designed to limit its impact on the environment and respect the precautionary principle.

Copolyester body
Durable, **reusable and recyclable**, BPA/BPS-free

Dryflex sleeve protection
Flexible **biosourced** plastic that incorporates sugar cane, protects against impact and heat

CUSTOMIZATION

free

CUSTOMIZABLE ROUND CARD RECTO / VERSO INSERTED AT THE BOTTOM OF THE CUP

Printed on PEFC® paper made from responsibly managed wood fiber.

Choice of
**color for the
protective sleeve**

PAD PRINTING on the Gobi body.
Size 4 x 2 cm

Process using a silicone pad which transfers the logo ink onto the gourd. This stamping process allows you to print on a rounded shape with excellent quality and precision. **The marking is dishwasher-safe** and will not deteriorate over time.

DID YOU KNOW ?

Writing your first name on the round card allows you to identify your water bottle, promotes a sense of belonging and guarantees the health safety of your employees.
